*IMPORTANT!

If filling out the waiver for **multiple** students, you must use a different email address for each waiver as our software will not allow for multiple accounts to be made using the same email. One trick around this is to just add a "." in the *username* section of your email address.

i.e. **johndoe@gmail.com & jone.doe@gmail.com**

3) Login to **Member Portal**

└→ visit our homepage and click on "member portal login"

└→ click "Forgot Password" to create a password

└→ login to Portal with new login credentials
